Re: Michael P. Grace drilling Morrow gas well in
Section 36, Township 21 South, Range 30 East,
Eddy County, New Mexico.

Gentlemen:

Mississippi Potash, Inc., the successor in interest to Teledyne Potash, Inc., is in receipt of Michael P. Grace's application for permit to drill a gas well located in the Southwest quarter of Section 36, Township 21 South, Range 30 East, N.M.P.M.

This location is objectionable to Mississippi Potash, Inc. as it covers lands where there are known potash reserves. Would you please keep this office advised of developments in the application and at this time note Mississippi Potash, Inc.'s protest to this proposed test well.

Very truly yours,

Jay W. Forbes
