RE: Shut In Requirement  
McNew Com. #1  
1G 5-21S-26E  
Avalon Strawn (Gas) Field  
Eddy County, New Mexico

Dear Mr. Clements:

Monsanto Oil Company requests a continuation of the exemption for gas well shut in pressure requirement for the McNew Com. #1. This exemption is noted on the computer prepared Form C-125 for 1983. The McNew #1 is nearing depletion and is no longer capable of being restored to production easily. If the well is shut in for any reason, the shut in pressure will be noted and forwarded to the Oil Conservation Commission.

Yours very truly,

D. E. Brown  
Regional Production Manager
