Bass Enterprises Production Company requests approval to extend temporary abandonment status on the referenced well.

On April 4, 1995 a casing integrity test was performed and witnessed by Gene Hunt, BLM-Carlsbad. See attached chart.

Bass Enterprises is evaluating recompletion possibilities in the Bone Springs formation. Work is expected to start in early to mid 1998 depending on the results of geological mapping and studies currently being conducted in this area.

Based on the successful casing integrity test, we request TA status be extended for 12 months.
