Dear Mr. Gressett:

We received your letter of April 3, 1975, requesting the completion and submission of form C-123 for a new pool for the well mentioned above. Production for this well has decreased to a point that it is no longer economical to produce.

Presently, a study is being made to evaluate additional completion methods to make this well a commercial producer. We, therefore, request permission to defer the submission of form C-123 pending this study.

Thank you for your consideration of this request.

Very truly yours,

E. Y. Wilder
Region Operations Manager
