Re: Williamson Federal #4  
Wildcat Strawn  
Eddy County, New Mexico

Gentlemen:

Attached for your review and processing are two (2) copies of Form C-116 concerning a Gas-Oil Ratio Test of the recently completed well captioned above. Please be advised that the subject well was shut in until 5-23-75, due to lack of storage and could not be tested beforehand.

It is respectfully requested that an exception to Rule 306 be granted allowing for the venting of gas production from this well as no low pressure gathering facilities are available in the area.

Yours very truly,

G. L. Murphy  
District Production Manager
