Gentlemen:

This is to advise that on July 15, 1981 the Maralo, Inc.'s Hanson Federal #2 oil well located in Unit 0 of Section 28, Township 20S, Range 27E, Eddy County, New Mexico was disconnected from El Paso's gathering system. This meter will remain on location and serve the new Morrow gas zone while testing and until permanent status of the measuring arrangement is determined.

This disconnection was due to recompletion of the well from Avalon Wolfcamp to Morrow lower gas.

Yours truly,
