Dear Miss Jones:

We are returning the enclosed Forms C-103 on the subject well for additional information.

Please show footage of each weight of the 5½" casing, the WOC time, top of cement and how determined.

On Form C-101, you had proposed to use 500 sacks of cement on this string of casing, but according to the report only 325 sacks were used, and we have no record of approving this change.

Sincerely yours,

OIL CONSERVATION COMMISSION
