17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

This well is presently commingled in the Wolfcamp and Morrow but unable to sustain continuous flow. We propose to temporarily abandon the North Burton Flat Wolfcamp, perforate additional Morrow pay, stimulate as needed for production, establish new Morrow reserves and subsequently return to commingled status with more Morrow gas to unload well. Wolfcamp will be behind tubing and packer while temp. abandoned.
