If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

OXY USA Inc. requests approval for off-lease gas measurement and surface commingling of gas for the Tracy D #1. The production from the Tracy D #1 is measured on location and is then transported to the sales point on the Tracy C #1 location. Please see attached for diagrams showing the commingling of gas. Due to the low gas volume, it is uneconomical to set a separate gas sales meter.
