RE: Federal 10 State Com #1
Eddy County, New Mexico

Gentlemen:

A photocopy of your letter dated December 13, 1976 is enclosed for reference.

It is anticipated that work will begin on this location as soon as possible after the permit is received and the acreage is not dedicated to a gas purchaser.

As outlined in red on the attached plat, there are eight forty acre tracts dedicated or a total of 320 acres.

Cities Service has decided to voluntarily join in drilling the well so force pooling is no longer necessary; however, the acreage will be communitized.

Thank you for your prompt consideration.
