RE: Antweil No. 1 Mesa Macho
and No. 2 Mesa Macho
E/2 Section 24-T20S-R27E
Eddy County

Gentlemen:

Enclosed is a Form C-104 and two Form C-102's on the captioned wells and acreage. The Form C-104 requests the change of the well name of our previously named No. 1 Macho Norte, located in Unit G, Section 24-T20S-R27E, to the No. 2 Mesa Macho. The two C-102's are filed to change the previously dedicated N/2 and S/2 of Section 24 to just the E/2 of Section 24 to be simultaneously dedicated to the No. 1 Mesa Macho and No. 2 Mesa Macho wells.

Order No. R-5968, entered on 28 March 1979, approved the unorthodox location of the No. 1 Mesa Macho and the simultaneous dedication of the E/2 of Section 24 to the two wells. The State Land Office has the necessary amended Communitization Agreements in-hand and is prepared to approve the amended Agreements simultaneous with the approval of the Oil Conservation Division.

We request that the requested approvals be made effective 1 April 1979 to permit the change in oil and gas accounting procedures with the minimum of confusion.

Respectfully Submitted,
MORRIS R. ANTWEIL
