

August 18, 1976

8. Ancillary Facilities.

No camps, airstrips or other ancillary facilities are planned.

9. Well Site Layout.

A plat of the well site layout is attached. Approximate scale
1" = 50 feet.

10. Plans for Restoration of the Surface.

After the well site is cleaned and pits and sumps backfilled, any obstruction to the natural drainage will be corrected by ditching or terracing. All disturbed areas, including any access road no longer needed, will be ripped in accordance with BLM requirements. These areas will be reseeded with grass, if in their opinion, it is required.

11. Other Information.

The entire area is typical semi-arid ranch land, rocky, covered with sparse grass, chinnery and mesquite.

There are no occupied dwellings or other facilities nearby. No archeological, historical or cultural sites are in the area.

12. Lessee's or Operator's Representative.

Cities Service Oil Company's representative who is responsible for assuring compliance with the approved surface use and operations plan is:

E. Y. Wilder
Cities Service Oil Company
Region Operations Manager
Box 1919
Midland, Texas 79701

Telephone No. (915) 684-7131

13. Certification.

I hereby certify that I, or persons under my direct supervision, have inspected the proposed drillsite and access route; that I am familiar with the conditions which presently exist; that the
