

7. METHODS FOR HANDLING WASTE DISPOSAL: Steel pits for mixing mud; reserve pit for circulating mud and cuttings; burn pit for burning mud sacks and other garbage; jet sump for engine oil and trip mud; small sump for portable commode; trash barrels for house cleaning.
8. ANCILLARY FACILITIES: None proposed.
9. WELL SITE LAYOUT: (rig, tanks, pits, racks, etc.) Refer to Exhibit "D". Location is on fairly level terrain draining to the northeast shallow depression. Slight cut on the south side will be required which will be used to level the pad to the north. The reserve pit will be lined to hold drilling fluid. If production is encountered the tank battery will be placed at the west side of the drilling pad as shown on Exhibit "D".
10. PLANS FOR RESTORATION OF SURFACE: On completion of drilling operations all equipment used will be removed from the site. Mud pits will be cut and bladed when dry and subsequently bladed to original slope. All disposal material will be collected and disposed of in trash pit and the pit closed. After abandonment, location will be cleaned and bladed to restore normal drainage. Re-seeding if required will be done according to Bureau of Land Management directions.
11. OTHER INFORMATION:
  - a. Surface in this section is owned by the Bureau of Land Management and is under a surface grazing lease to the McWilliams Ranch of Ponca Center, Texas.
  - b. There are no houses or building within two miles of the location. A windmill is located 1.1 miles north and another 0.7 miles south of the location. The location can be reached by existing roads and all fence lines have cattle guards installed. A fence line is located 0.7 miles north of the location but the road in this direction will not be used for the drilling of this well.
  - c. The surface in this area is used for grazing and hunting. No wildlife or cattle were observed in the area on initial inspection. There are no lakes or rivers in the area. A dry canyon is located 0.9 miles north of the location.
12. LESSEE'S OR OPERATORS REPRESENTATIVE: W.B. Barnhill, 200 W. First Street, Roswell, NM. 622-0540 or W.G. McCoy, 610 Security National Bank Bldg. Roswell, NM 622-5012.
13. CERTIFICATION: I hereby certify that I, or persons under my direct supervision, have inspected the proposed drill site and access route; that I am familiar with the conditions that presently exist; that the statements made in this plan are, to the best of my knowledge, true and correct; and that the work associated with the operations proposed herein will be performed by me or my assigns under my supervision or my contractors and subcontractors in conformity with this plan and the terms and conditions under which it is approved.
