RE: Flaring of gas - McMillan Fed Com  
#1 - J 14-20S-27E

Gentlemen:

The Division acknowledges the receipt of C-104 on the above captioned well requesting a 60 day flaring period for gas produced from a gas well.

Division rule 404 (a) (1) prohibits any gas well to be vented for any length of time other than for running 4 point or back pressure tests.

The request for a 60 day flaring period is hereby denied.

Very truly yours,

  
Les A. Clements
