Attention: Mr. Peter Chester

Dear Mr. Chester:

Perry R. Bass hereby submits application to re-enter Big Eddy Unit #59 and complete as a water source well. Big Eddy Unit #59, located 990' FNL & 1650' FWL, Sec. 35, T-21-S, R-28-E was drilled in April 1978, and found to be non-productive and plugged and abandoned. Perry R. Bass proposes to drill out top plug and perforate the 8 5/8" casing. An inspection of the well pad shows that only minor road and location work will be required.

Feel free to contact myself or L. M. Cure at the letterhead address if any additional information is required.

Very truly yours,

PERRY R. BASS
