Re: TOG Federal
#1-F-16-20-29
Eddy County, NM

Gentlemen:

We are returning the enclosed Forms C-115 and Form C-129 for corrections and additional information.

On the C-115, please report the amount of gas being produced and the disposition thereof.

There is a discrepancy in the amount of gas being flared and the value per day as reported on the C-129. Also, according to your C-115 for the month of July, the well is producing two barrels of oil per day and not six as reported on the C-129.

If you have any questions concerning this matter, please feel free to contact me.

Sincerely,

W. A. Gressett
Supervisor, District II

Encls.

Gentlemen: We will not be able to assign this well an allowable for the month of September unless we hear from you by October 1, 1980, concerning the above matters.
