Re: Merland #1, SWD
Ut. O-24-22-26

Mr. Westall,

A recent field inspection of the subject well showed that it has been converted to disposal and is now active.

To date this office has received no reports to indicate the change in status. According to our records the well is still classified as a producer.

Please submit a C-103 showing work performed and date injection began.

Sincerely,

Betty Rollins
