If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

Approval was received December 10, 1979 to temporarily abandon subject well bore until July 1, 1980.

Your approval is requested to extend this period for an additional six months, until January 1, 1981.

Our tentative plans are to re-enter and drill to a deeper zone pending favorable results of a study currently in progress.
