Artesia, New Mexico 88220

Gentlemen:

The surface use and operations plan for the proposed Potts Federal Com. Well #2 is as follows:

1. Existing Roads:

- A. Exhibit "A" is a portion of a general highway map, showing location of proposed well as staked. Go north on Canal Street out of Carlsbad, New Mexico, on State Highway 239 approximately 9 miles north of the Pecos River. The proposed new road will extend from the southwest corner of pad of Potts Federal #1 2900' northwest to southeast corner of proposed new location. The proposed new roadway is flagged to proposed location. Legal location of proposed well is 1980' FNL and 1980' FWL, Section 13, T20S, R27E, Eddy County, New Mexico.
- B. Exhibit "B" is a plat showing all existing roads within a one-mile radius of the wellsite, and the planned access road.

2. Planned Access Roads:

- A. Length and Width: Required new road will be 2900' long and 12' wide, constructed of caliche compacted and watered to a depth of six inches. The new road is labeled and color-coded red on Exhibits "A" and "B".
- B. Turnouts: One passing turnout will be constructed approximately 1500' southeast of the wellsite. This construction will increase the width of the new road to 20' for a distance of 30'.
- C. Culverts: None required
- D. Cuts and Fills: None required
- E. Gates and Cattlguards: None required
