Gentlemen:

We wish to amend our proposed casing program on the above mentioned well.

As previously reported we were going to set 650' of 12-3/4" surface pipe. Please amend to show that we wish to set 650' of 13-3/8" surface pipe. This change will aid us in circulation of cement of the 8-5/8" casing in the event of loss circulation. All other casing programs will remain the same.

Sincerely,

DURHAM, INC.
