Marathon Oil Co. is requesting renewal of the Temporary Abandonment status of this well. The well was tested for casing integrity on 2-18-92. The test proved integrity and was witnessed by Mr. D. Whitlock. The well has potential use as a water disposal well for produced water from wells in the Indian Basin area. As development in the Indian Basin and Dagger Draw areas continue, more disposal capacity may be required. The need for such capacity should be revealed by 12-96.
