Marathon Oil Co. is requesting renewal of the Temporary Abandonment status of this well. The well was tested for casing integrity on 1-13-99. The test was witnessed by Mr. D. Whitlock. A copy of the chart is attached. The AFE for the workover of this well has been sent out to partners and it is estimated that the work will be completed by 8-31-00. The plans are to drill out the cement retainers, perf the Upper Penn, stimulate and put the well on production. Please extend the TA status of this well through September 30, 2000 to give us plenty of time in case we run into problems.
