U.S. GEOLOGICAL SURVEY
ARTESIA, NEW MEXICO

Mr. L. J. Kincaid
1050 Stand Pipe Road
Carlsbad, New Mexico 88220

Dear Mr. Kincaid:

ARCO Oil and Gas Company plans to drill a well in the South East Quarter of Section 11-21S-25E, Eddy County within the next few weeks. The Bureau of Land Management advised you were the Grazing leasee and should be notified of our intent to enter upon the property and that ARCO would be making a location to drill.

The property will be entered from U. S. Highway 285 as marked by a surveyors stake and flagged. The fence will be cut and H-Braced, a cattle guard installed and reserve pits will be fenced to protect livestock. If the location should prove to be a dry hole the location will be restored as required by the Bureau of Land Management in Carlsbad, New Mexico.

Yours truly,

D. L. Shackelford
