

MULTI-POINT SURFACE USE AND OPERATIONS PLAN

MEADCO PROPERTIES, LTD.
Well No. 2 Harris Federal
1980' FWL and 660' FSL
Sec. 5, T-21-S R-29-E
Eddy County, New Mexico

This plan is submitted with the Application for Permit to Drill the above well. The purpose of this plan is to describe the location of the well, the proposed construction activities and operation plans, the magnitude of necessary disturbance involved and procedures to be followed in rehabilitating the surface after completion of the operations, so that a complete appraisal can be made of the environmental effects associated with the operation.

1. EXISTING ROADS:

- A. Exhibit "A" is a topo map showing the location of the proposed well as staked. This location is approximately 20 miles east of Carlsbad, New Mexico on US-Hwy 62-180. Turn right and south on existing lease road through the cattle guard, approximately 1.5 miles to intersection of proposed access road to staked location. The new road is colored in red.
- B. Exhibit "B" is a land plat showing all existing roads and wells and the planned access road to well site.

2. PLANNED ACCESS ROAD:

- A. Length and Width: The new road will be 12' wide and 800' long. It will tie-in to the existing lease road as shown in black on the plat with the new road shown in red.
- B. Surfacing Material: The road will be graded across natural surface, watered and packed. Caliche will be used when necessary, spread, watered and compacted.
- C. Maximum Grade: Area is flat.
- D. Turnouts: None required.
- E. Drainage: None needed.
- F. Cuts and Fill: Approximately 9' of cut and fill.
- G. Gates or Cattle guards: None required.

3. LOCATION OF EXISTING WELLS:

- A. Shown on Exhibit "B" with staked location in red.

4. LOCATION OF EXISTING OR PROPOSED FACILITIES:

- A. Meadco Properties, Ltd. has gas producing facilities in the north 320 acres of Section 5. This is a 320 acre lease.
