Re: "Application for Permit  
to Drill" our Superior  
Federal Well No. 6

Gentlemen:

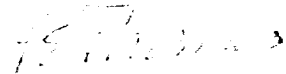

On October 1, 1981, our Mr. Larry Shannon hand delivered "Application for Permit to Drill" for two wells in Eddy County, New Mexico. These were for Superior Federal Well No. 5 and Superior Federal Well No. 6.

Since that time it has become necessary to move the location on the Superior Federal well No. 6. We, therefore, are submitting a new application with all the necessary exhibits. We also had a new archeological study made and have asked that you be furnished a copy.

Please, replace the first application which was dated October 1, 1981, with the one attached. Also please note that well No. 5 remains the same and we request that it be processed as submitted on October 1, 1981.

If you have any questions, please call us collect. Thanks for your assistance in this matter.

Yours very truly,

  
L. E. Thomas  
Manager of Operations
