ALTERING CASING ☐
PLUG AND ABANDONMENT ☐
completed drilling & set casing ☒

17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Began drilling on 7-12-82 and drilled to a depth of 707'. Set 707' of 4½", 11.60# casing and cemented with 100 sx "light" followed by 150 sx 50-50 poz. Cement did not circulate to surface. After cement set ran a tool down hole and hit cement approximately 40' below surface. Will fill in balance of hole with cement from surface. Pit is drying out and will be covered and surface will be returned to as near normal as possible. Plan to set pumping equipment as soon as possible.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
