Proposal to comingle oil from #11 Saladar Fee with oil produced from Fed Lease #NMNM08277 in Fed Battery located in Unit K, Section 33, T S205, R 28E. This is a 2 tank battery consisting of Tank # 11260 and # 11261. All these wells were produced into this battery until September 15, 2000, under Agreement # 8910169160. As these wells all produce less than 3 bbls per day, it is not economically prudent to set up a battery for one well.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
