Gentlemen:

Please find enclosed complimentary copy of Sundry Notice for the subject well. A recompletion attempt to the Delaware in May, 1990 proved unsuccessful. The well was shut in on May 22, 1990 pending evaluation.

There are no plans to restore production to the well at this time, the well will either be sold or plugged and abandoned in 1991.

Please advise if additional information is required.

Sincerely,

Kim McElreath
District Engineer
