Yates Petroleum Corporation respectfully requests permission to leave this gas well shut in for an additional six (6) months to allow us time to observe and evaluate the recompletion on the Slinkard UR Federal #3. The Slinkard UR Federal #2 is a candidate for a Strawn workover, if the results of the #3 well are encouraging. By evaluating the #3 well, we will be able to determine the best course of action for the Slinkard UR Federal #2.
