Emergency Fits

Conditions of Approval

Approval of the construction and use of the emergency pit described in your attached application is subject to the following conditions of approval:

- 1. Pit must be fenced to prevent access by livestock and wildlife.
- 2. Relocation or enlargement of pit must have prior approval.
- 3. Pit shall be emptied and liquids disposed of in a manner consistent with NTL-2B requirements within 48 hours following its use.
- 4. This agency reserves the right to modify or rescind approval whenever it determines continued use of the approved method may adversely affect the surface or subsurface environments.
