RE: PFI Amoco 19 Federal #3
19-22S-26E
Und. Happy Valley Morrow Gas

Gentlemen:

Our office has received the sundry notices from the federal office showing the above captioned well as being abandoned and the rig skidded to drill the #3-Y.

In our office the wells will be shown as two completely different wells. The #3-Y will be processed as a new well, therefore, we will need a new surveyors plat and another API number will be assigned for the #3-Y.

A completion report with spud date, total depth and P & A date will need to be filed for the #3.

Thank you for your cooperation in this matter.

Sincerely,

A handwritten signature in cursive script, reading "Mae Morgan".
