(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Louis Dreyfus Natural Gas Corp. requests approval of the following water disposal method for the Sheep Draw "28" Federal #13 well. Primarily, the water is pumped through the flowline into a separator and into the Barbados State SWD. The Barbados State SWD (SWD #182) is operated by Louis Dreyfus Natural Gas Corp. and located in the NE/4SE/4 of Sec. 32-22S-26E, Eddy County, NM.

Our secondary method will be to truck the water to a public Salt Water Disposal well. The well has a water tank in which the water could be held until it is trucked.

14. I hereby certify that the foregoing is true and correct

Signed

Larry D. Bryant
