17. DESCRIBE TEMPORARILY OR COMPLETED OPERATIONS. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any
proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones perti-
nent to this work.)*

The subject well was temporarily abandoned in November of 1989, by the previous operator (Steve Sell). Santa Fe has recently acquired the well and substantial lease hold in the area. At the present time, Santa Fe is still formulating an evaluation and/or development plan. We believe the subject well will have beneficial, but undefined utility in our plan and request an extension of the temporarily abandoned status.
