

- E. There are no ponds, lakes, streams or rivers within several miles of the wellsite.
- F. There are no occupied dwellings in the vicinity of the location. The nearest windmills are located about 2.5 miles south and two miles east of the wellsite.
- G. The wellsite is located on federal surface.
- H. There is no evidence of any archaeological, historical, or cultural sites in the vicinity of the location.

12. OPERATOR'S REPRESENTATIVE

- A. The field representative responsible for assuring compliance with the approved surface use plan is:

David M. Hanger
District Operations Engineer
3131 Turtle Creek Blvd., Ste. 400
Dallas, Texas 75219-5415
(214) 528-5898
(214) 783-7470 (Home)

13. CERTIFICATION

I hereby certify that I, or persons under my direct supervision, have inspected the proposed drillsite and access route; that I am familiar with the conditions which presently exist; that the statements made in this plan are to the best of my knowledge true and correct; and that the work associated with the operations proposed herein will be performed by The Petroleum Corporation and its contractors and subcontractors in conformity with this plan and the terms and conditions under which it is approved.
