

SURFACE USE AND OPERATING PLAN

Vision Energy, Inc.
State #2
660' FSL & 1650' FEL
Sec. 21, T-20S, R-28E
Eddy County, New Mexico

1. Existing roads:

- A. The well site and elevation plat for the proposed well is shown in Exhibit #2. It was staked by John West Engineering, Hobbs, New Mexico.
- B. All roads to the location are shown in Exhibit #3. The existing roads are illustrated in solid lines and are adequate for travel during drilling and production operations. Upgrading of the road prior to drilling will be done where necessary, as determined during the on site inspection.
- C. Directions to location: From Carlsbad, New Mexico travel north on county road 206 for approximately seven miles. Turn west on Angel Ranch road and follow for five miles. Turn South and follow lease road to location.
- D. Routine grading and maintenance of existing roads will be conducted as necessary to maintain their condition as long as any operations continue on this lease.

2. Proposed Access Roads:

Exhibit #3 shows the access road to be used and is illustrated in dash line.

- A. Existing roads will be used to access this lease and will be worked to provide travel. BLM may specify any additions or changes during the on site inspection.
- B. No culverts, cattleguards, gates, low-water crossings, or fence cuts are necessary.
- C. Surfacing material will consist of native caliche.
