13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

Yates Petroleum Corporation respectfully requests permission for surface commingling, off-lease sales and measurement for the following leases:

Zinnia Federal Unit #1 (NM-83068) located in the SWNW of Section 27-T20S-R29E, Eddy Co., NM
Trigg AIN Federal #1 (NM-04825) located in the SENE of Section 28-T20S-R29E, Eddy Co., NM
Chamois AKE Federal #1 (NM-0473817) located in the SWNE of Section 33-T20S-R29E, Eddy Co., NM

Economics that Yates Petroleum Corporation lay their own gathering lines to Transwestern. To optimize market, YPC's marketing department contracted with Associated Natural Gas also.

Each well has its own allocation meter at its respective location, then travels through a common line to Transwestern's Meter No. 12058 and Associated Natural Gas Company Meter No. 11004 for a split connection.

Periodic calibration tests are done on all meters. Results will be furnished to the BLM upon request.

PLEASE SEE ATTACHED MAP.

14. I hereby certify that the foregoing is true and correct
