Artesia, New Mexico 88210

Dear Mr. Gum:

Please find attached a letter from Armando Lopez of the Bureau of Land Management and four sundry notices. Please accept these in lieu of the OCD sundry notice forms. I am requesting that these wells be reclassified as oil wells rather than gas wells. I have never filed this type of request before, so, if you need more information, or have any questions, please call me at (915) 687-8432.

I am requesting this reclassification because our accounting system reports all liquids from gas wells as condensate when the production is actually oil. I need this change made so that the reserves from these fields will be accurately reported. Also, I believe the current GORs warrant the reclassification. Thank you for your help and consideration in this matter.

Sincerely,

A handwritten signature in cursive script that reads 'Ginny Larke'.
