

SURFACE USE AND OPERATING PLAN

Attachment to Form 3160-3

Devon Energy Production Company, L.P.

REVELATION "10M" FEDERAL #1

SHL: 990' FSL & 990' FWL, Unit M, Section 10-T22S-R25E

BHL: 660' FSL & 660' FWL, Unit M, Section 10-T22S-R25E

Eddy County, New Mexico

1. Existing Roads

- A. The well site and elevation plat for the proposed REVELATION "10M" FEDERAL #1 are reflected on Exhibit #2. This well was staked by Topographic in Midland, TX.
- B. All roads into the location are depicted in Exhibit #3. Any new construction will conform to the specifications outlined in Item #2 below.
- C. Directions to location: From Jct. of Canal & Lea in Carlsbad go West 1.4 mile on W. Lea, continue West 1.3 mile on Hwy 524, Thence West on Jones Road & Co. Rd 427 6.8 miles, Thence Southwest & West 0.3 mile on lease road to a point $\pm 75'$ North of the proposed Revelation "10M" Federal #1 location.

2. Proposed Access Road

Exhibit #3 shows the proposed lease road. Access to this location will be an existing lease road. All new construction will adhere to the following.

- A. The maximum width of the road will be 15'.
- B. It will be crowned and made of 6" rolled and compacted caliche. Water will be deflected, as necessary, to avoid accumulation and prevent surface erosion.
- C. Surface material will be native caliche. This material will be obtained from a BLM approved pit nearest in proximity to the location.
- D. The average grade will be approximately 1%.
- E. No cattle guards, grates or fence cuts will be required.
- F. No turnouts are planned.
