Mr. Jack Frost
c/o U. S. Geological Survey
Artesia, New Mexico

Dear Mr. Frost:

Please find attached, our Notice of Intention to Drill our Huapache Unit No. 1 Well No. 1, also topographical plats.

This location is unorthodox due to topographical conditions. Please refer to topographical plat attached.

We are also attaching copies of our letter to Mr. W. B. Macey of the New Mexico Oil Conservation Commission and his letter of approval dated August 17, 1954. It is our understanding that you have no objection to the unorthodox location since we have obtained the New Mexico Conservation Commission's approval.

If this application meets with your approval, we would appreciate you returning to this office an approved copy.

Yours very truly,

HUMBLE OIL & REFINING COMPANY
