## HUMBLE OIL &amp; REFINING COMPANY

HOUSTON 1, TEXAS

September 27, 1954

Mr. John A. Frost  
District Engineer  
United States Department of the Interior  
Box 187  
Artesia, New Mexico

Dear Mr. Frost:

Please find attached, our amended Notice of  
Intention to Drill our Huapache Oil Unit No. 1 Well No. 1.

You will recall that you approved our original  
application by your letter of September 13, 1954. The original  
location was filed as 1838' from the North line and 218' from  
the West line of Section 35, T-23-S, R-22-E, Eddy County, New  
Mexico and is an unorthodox location due to topographical con-  
ditions. The location has been moved slightly to better fit the  
terrain. The corrected location is 1857.5' from the North line  
and 262.4' from the West line of Section 35, T-23-S, R-22-E,  
Eddy County, New Mexico.

You will note that the original lease name was  
styled as Huapache Unit No. 1. We are amending this lease name  
to read "Huapache Oil Unit No. 1".

We are attaching a copy of our letter to Mr.  
Macey advising that the location has been changed so that the  
New Mexico Oil Conservation Commission's approval will be secured.

Yours very truly,

HUMBLE OIL &amp; REFINING COMPANY
