ARTESIA OFFICE**

Dear Sir:

In connection with our Sundry Notices and Reports (Form 9-331) on Bandana Point Unit 1, Well 1 submitted to you on April 24, 1967, operations to plug and abandon this well were begun on April 25, 1967. We have encountered mechanical problems in the process while abandoning the well. Consequently, the abandonment will probably not be completed before the May 1, 1967 lease rental date. We are proceeding diligently toward completion of the abandonment of the well as outlined.

The well is being abandoned because it is not capable of producing in paying quantities.

You will be notified when the well and location are ready for final inspection or if it becomes necessary to change the plugging procedure.

Yours very truly,

HUMBLE OIL & REFINING COMPANY
