Re: Braden #1, Unit O,  
Sec. 12-23S-27E,  
Eddy County, N.M.

Gentlemen:

To date, we have not received proper forms on the above-captioned well. In checking our files, I find only Form C-101 (notice of Intention to Drill) and plat have been submitted.

In addition to the above mentioned forms that have been filed, it will be necessary for you to file Form C-103 (Miscellaneous Reports on Wells) on each string of pipe ran, and how much cement used on each string. Also, Form C-103 stating how the well was plugged, plus Form C-105 Well Log.

Please submit these forms as soon as possible.

Very truly yours,

OIL CONSERVATION COMMISSION
