Re: State Well No. 1, Unit  
K, Sec 1, T24S, R27E

Gentlemen:

A recent field inspection on the above mentioned well indicates that there is junk on the location, guy wire stakes not pulled, cellar not filled, and drain pit at tank battery not filled.

Please take care of this immediately and notify us when the work has been completed.

Very truly yours,

OIL CONSERVATION COMMISSION

M. L. Armstrong,  
Supervisor, District No. 2
