Re: Kelly-State Well # 1
Sec. 36 - 24 S- 27 E
Eddy County, New, Mexico

Dear Sir:

Enclosed are three additional copies of form C-105 (well log) which you have requested, covering the above captioned well.

Also, this will advise that Mr. Leonard has advised that he went to the location and stenciled the location and other data on the well marker sometime during the first part of January.

I regret these delays and your inconvenience, but I thought that our consulting geologist had mailed you the copies of form C-105, and that the drilling contractor would have properly prepared the well marker.

If there is anything further I can do to close this matter, please advise and if necessary I will arrange to meet with you in New Mexico.

Very truly yours,

M. H. McKinney
