Dear Sir:

This will acknowledge receipt of letter dated January 21st by Mr. W. B. Wagner for yourself, in regard to Keck Community Well No. 1 in Section 33, T. 23 S., R. 28 E.

It appears to us that the well, in question, has not been finally abandoned. No doubt you intend to eventually pull 15 $\frac{1}{2}$  inch and 12 $\frac{1}{2}$  inch casings. Until this is done, and the well is finally and completely abandoned, the bond of the U. S. Fidelity and Guaranty Company should remain in force.

Very truly yours,

E. H. Wells  
State Geologist
