Dear Sirs;

We are enclosing in quadruplicate copies of Form C-110 on wells 1 and 3 advising of change of operator. We have approved copy of Form C-110 on well number 2 on the lease from Ed Hartman, et al.

Operation of the entire Ethel Skinner lease consisting of three wells was taken over from Ed Hartman, et al as of August 1, 1956. Form C-110 for wells 1 and 3 were inadvertantly overlooked at the time application for change of operator on well number was submitted.

Production from all three wells will be produced into the same tank battery as before.

Yours very truly,

R.D.Collier
