Mr. Jas. P. Sullivan,
Box 71,
Hobbs, New Mexico.

Dear Mr. Sullivan:

This letter refers to your letter of March 23rd, in which you tell of investigating the plugging of the Livingston Well No. 1, SW $\frac{1}{4}$, Sec. 23, T. 24 S., R. 29 E., Eddy County. Please advise me as soon as you have definite information that your instructions to have the cellar filled level with the surface and a marker put over the hole that would show two feet above the surface of the ground, have been complied with. This information is essential before the bond can be released.

Very truly yours,

E. H. Wells,
State Geologist
