Subject: WILDCAT WELL TO BE DRILLED NW/4 NW/4 SECTION 32, T-23-3,
R-31-E

Dear Mr. Leonard:

Concerning the wildcat well you are now drilling in Eddy County, New Mexico, please be advised that stipulations agreed to and outlined in your letter dated January 26, 1961, are satisfactory to this office.

Mr. Wynkoop of our Carlsbad Office, notified Mr. Armstrong of the New Mexico Oil and Gas Conservation Commission by telephone on February 6, 1961, that drilling the well has our approval.

Mr. Wynkoop and Mr. Michers representing Holmes & Narver, our Architect Engineer Contractor, will occasionally visit the site of the well and locally arrange to obtain cores and drilling information that you are willing to make available to us. Thank you for your cooperation.

Sincerely yours,

James E. Reeves, Assistant Manager
for Test Operations
