R.L. STAMETS, GEOLOGIST
& OIL & GAS INSPECTOR

To Bill Chandler with Phoenix Scisson
(FEC) called. To Plug
J.A. Leonard Continental State
1D 32-23-31. Will run tubing
as deep in salt as it will go,
mud up hole, spot plugs at
750 to 650 & 325 to 225.

Set marker.

He wants a small supply of
Form C-103 order rule book. If the
plugging program should be
changed please send the changes

along with the rule book etc.

We probably should show him
what should go on the marker.
