Re: Hagerman #1
NE NE Sec. 14-23S-27E
Eddy County, New Mexico

Dear Sir:

On a recent field inspection of the above well, I found the pit had not been filled and the dead men still in place. The dead men should be pulled up or the wires cut below ground level. Please notify this office when you have taken care of this and another inspection will be made.

Very truly yours,

OIL CONSERVATION COMMISSION

W. A. Gressett
